

Vacqueyras La Magnaneraie 2015

750 ML

Grapes variety : 60 % Grenache 40% Syrah

TAV : 14,5 % vol

Soil : Our parcels are located on « Le Plateau des Garrigues », the soil is composed of worn pebbles layer with clay-limestone soil.

Viticulture : We work for a sustainable agriculture without chemical weeding.

Vinification : Grapes are manually harvested and then, are directly destemmed. The vinification is made with respect of the pure tradition of red wine making. We proceed to a pumping over wine, wine punching down and wine shedding. The temperature is continuously controlled and long vatting is performed.

The wine is then relocated in oak barrel 600L (100%). After 18 months of maturation this wine is bottled.
